Forgot Password

Returning users **Log in** and skip to step 10.

# APP SETUP

4

## Register

Register by email

United States of America +1

Email

Continue

Register by Phone

United States of America +1

Mobile

Continue

You may use an email or mobile number to create an account. Then tap **Continue**. (A verification code will be sent to your email or mobile number.)

5

## Verification/Password

Verification Code

Verification code has been sent to: satisfy.artdept@feit.com, Resend (4/4s)

1	2 ABC	3 DEF
4 GHI	5 JKL	6 MNO
7 PQRS	8 TUV	9 WXYZ
	0	<

Enter **Verification Code** sent to your email or mobile number.

Set Password

Password must contain 6-20 letters and numbers

Done

Create a Password then tap **Done**.

6

## Permissions

Bluetooth

"Feit Electric" Would Like to Use Bluetooth

This will allow "Feit Electric" to find and connect to Bluetooth accessories. This app may also use Bluetooth to know when you're nearby.

Don't Allow OK

**Allow Bluetooth** (Recommended).

Notifications

"Feit Electric" Would Like to Send You Notifications

Notifications may include alerts, sounds, and icon badges. These can be configured in Settings.

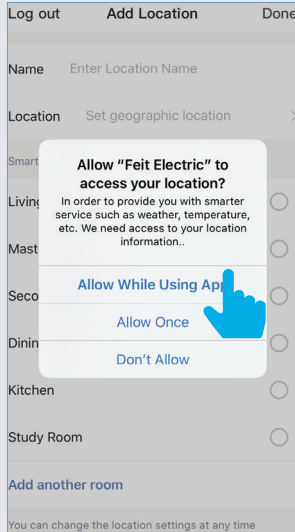

Don't Allow Allow

**Allow Notifications** (Highly Recommended).

# APP SETUP

7

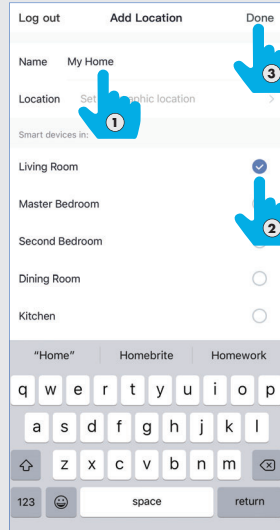

## Location Access

You must **Allow** Feit Electric App to access your location to connect to your device.

8

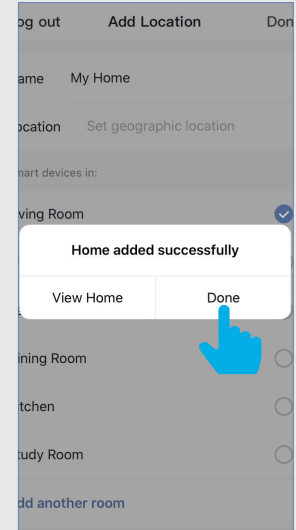

## Name Location

- ① Enter your location name.
- ② Check where your device is located.
- ③ Tap **Done**.

9

## Confirm Home Added

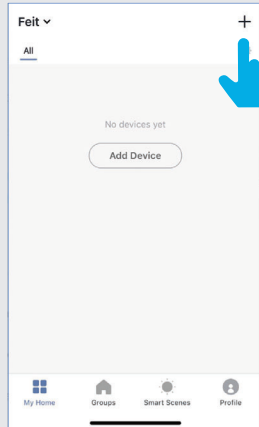

Tap **Done** or **View Home** for location settings.

# SMART DIMMER SETUP

1

## Add Device

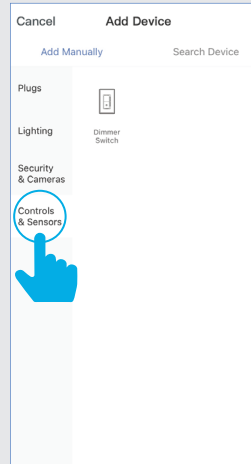

**IMPORTANT!**  
Install and Power On  
your Smart Dimmer before proceeding.

Tap + in the upper right corner  
NOTE: If this is the first device you  
are setting up, you can also  
select **Add Device**.

2

## Add Controls Device

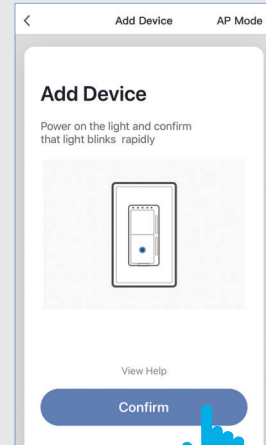

Not Compatible with 5G Wi-Fi Networks

Make sure you are connected to  
a 2.4GHz Wi-Fi Network. Tap  
**Controls & Sensors** and  
select **Dimmer Switch**.

3

## Confirm Pairing

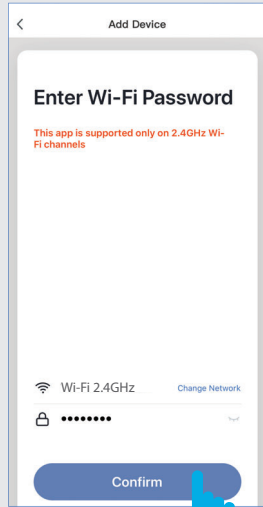

Indicator light on Dimmer Switch  
must be blinking rapidly to connect.  
If not already blinking,  
press and hold the power button  
for five seconds, then tap **Confirm**.

# SMART DIMMER SETUP

4

## Confirm Wi-Fi connection

After confirming that you are on a 2.4GHz Wi-Fi network, enter your password then tap **Confirm**.

5

## Connect

The connecting status window will appear. Wait until it's completed.

## Troubleshooting

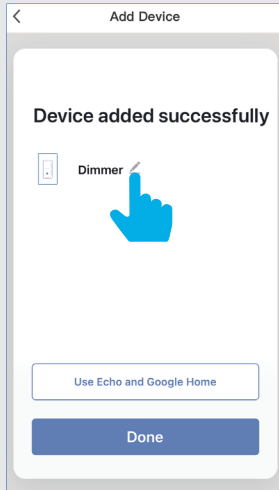

If you see a **Failed to Add** notification, check to be sure your Wi-Fi password was entered correctly. Close the app and repeat the previous steps to try connecting again or **View Help** for further assistance.

# SMART DIMMER SETUP

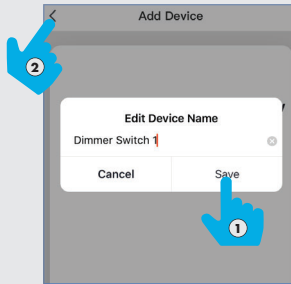

6

## Device Added

Once device is successfully added, tap the **Pen** icon to rename the device.

## Edit Device Name

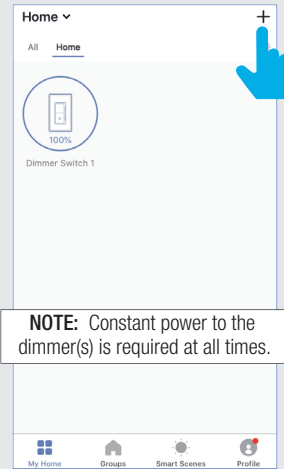

Once device has been renamed,

- 1 Tap **Save**
- 2 then tap back “←”.

Then tap **Done**.

## Adding Additional Devices

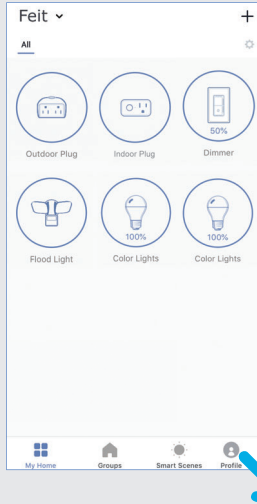

**NOTE:** Constant power to the dimmer(s) is required at all times.

To add additional devices tap the plus (+) sign in the upper corner. Repeat steps **2, 3, 4, 5** and **6**.

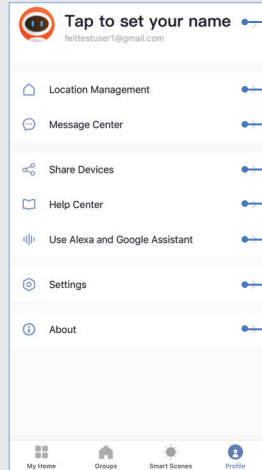

# PROFILE: OVERVIEW

## Profile

From the Home screen  
Tap **Profile**.

From the **Control Panel** you can access  
features and control your flood light.

- 1 **Tap to set your name** profile photo, change password, gesture password, close account
- 2 **Location Management** add locations
- 3 **Message Center** view detection alerts, Family and notifications
- 4 **Share Devices** share devices

## Manage Groups

Select the group to edit.

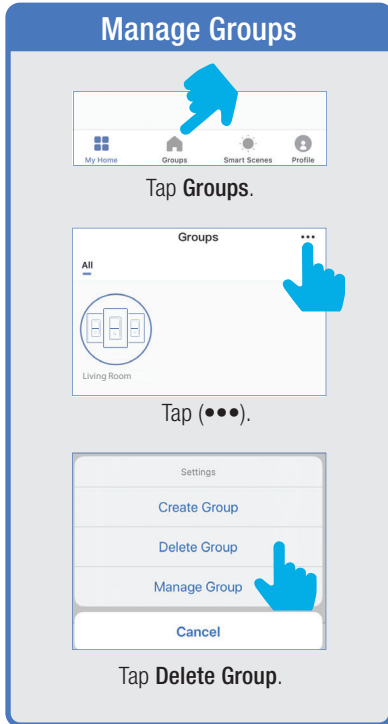

Once selected, tap **Edit**.

Rename the group or remove a bulb from the group. Once complete, tap **Save**.

# GROUPS

## Manage Groups

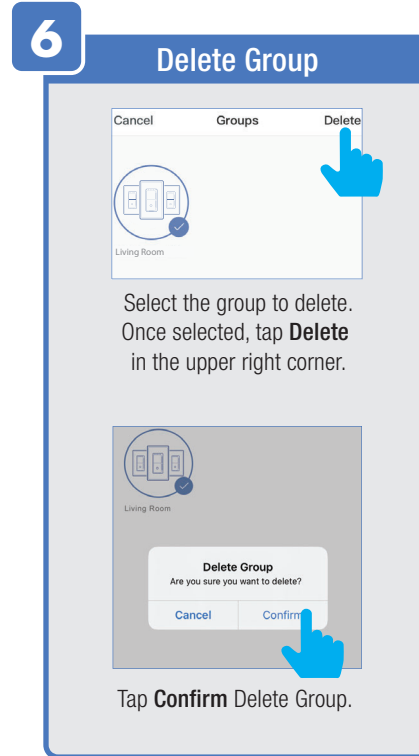

Tap **Groups**.

Tap (**•••**).

Tap **Delete Group**.

## 6 Delete Group

Select the group to delete.  
Once selected, tap **Delete** in the upper right corner.

Tap **Confirm** Delete Group.

# ROOM MANAGEMENT

1

## Add a Room

Tap the settings icon “⚙️” from the home menu.

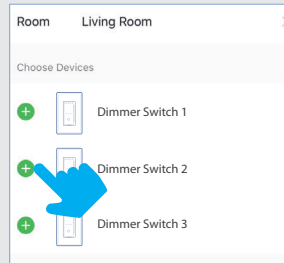

Tap Add a Room.

2

## Room Settings

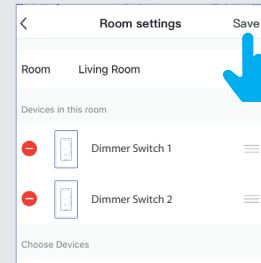

Tap on a preset room name or create your own.

Add individual dimmers by tapping on the + icon next to each device name.

3

## Device Sharing

When finished, tap on **Save**.

Remove individual Dimmers by tapping on the - icon next to each device name.

# CREATING SMART SCENES

1

## Go to Smart Scenes

Use **Smart Scenes** to setup and name an action or group of actions to occur at the same time.

Open the Feit Electric App and tap **Smart Scenes** located at the bottom of the screen.

2

## Add Scenario

In the **Scene Tab** screen, tap  
① **Add +** icon or ② **Add Scenario**  
to create a new scenario.

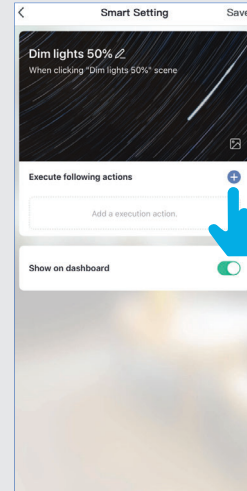

Enter the Scene Name by tapping on  
the **Pen** icon.

Then, tap **Confirm**.

3

## Add Action

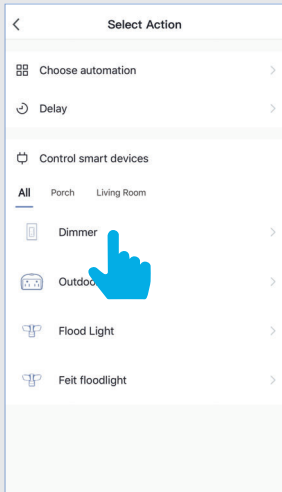

Next to "**Execute following actions**"  
tap the **+** icon or tap the  
**Add Action** box.

# CREATING SMART SCENES

4

## Select Action

On the **Select Action** screen, tap on a Device or Group to execute an action on.

5

## Select Function

On the **Select Function** screen, tap **Brightness**.

On the **Brightness** screen, tap your dimming option.

## Select Function

On the **Select Function** screen, tap **Switch**.

On the **Switch** screen, tap **ON** or **OFF**.

# CREATING SMART SCENES (Selecting Functions.)

6

## Smart Setting

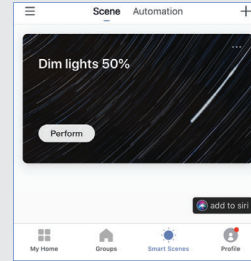

Once you have configured your action(s), tap **Save**.

7

## Scenario

See your Scenario in **Smart Scenes** under the **Scene** tab.

It will also appear on the top of your **My Home** screen.

**Tap** on Scenario to execute your action.

# CREATING SMART SCENES (Automation)

8

## Automation

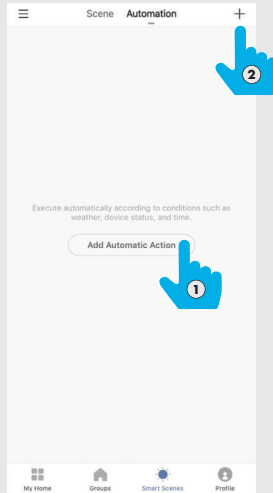

Set up actions that occur automatically. Automations can be triggered by other smart devices, sunrise/sunset etc. From the Home Page tap **Smart Scenes**.

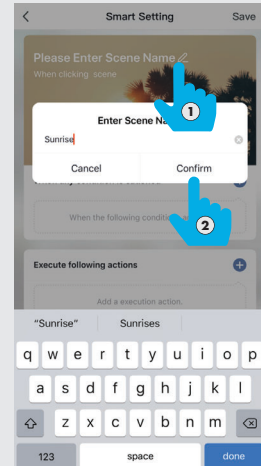

Tap **Automation** at the top of the screen.

## Automation

- ① Then, tap "Add Automatic Action"
- ② or tap the "+" icon on the top right.

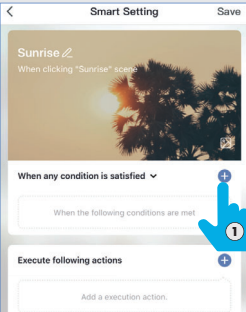

## Automation

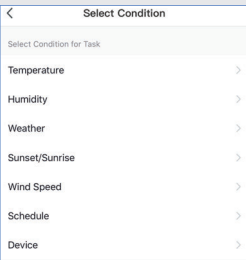

- ① Tap **Enter Screen Name**. Give it a name then tap ② **Confirm**.

# CREATING SMART SCENES (Automation)

### Automation

1 Tap "+", then 2 select a condition in the **Select Condition** window.

2

Select Condition for Task

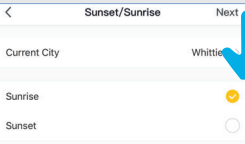

- Temperature >
- Humidity >
- Weather >
- Sunset/Sunrise >
- Wind Speed >
- Schedule >
- Device >

### Automation

**Example:**

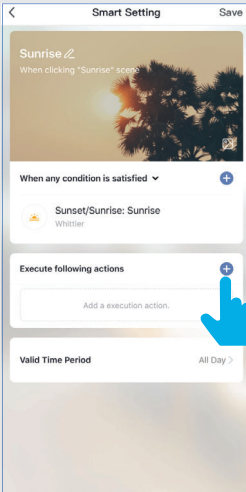

Select your location under **Current City**.  
Tap on a **Condition**  
(in this example, **Sunrise**).

Tap **Next**.

### Automation

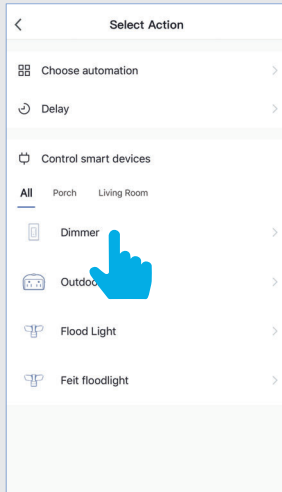

Then tap on "+" on **Execute following actions**.

# CREATING SMART SCENES (Automation)

9

## Select Action

On the **Select Action** screen, tap on a Device or Group to execute an action on.

10

## Select Function

On the **Select Function** screen, tap **Brightness**.

On the **Brightness** screen, tap your dimming option.

## Select Function

On the **Select Function** screen, tap **Switch**.

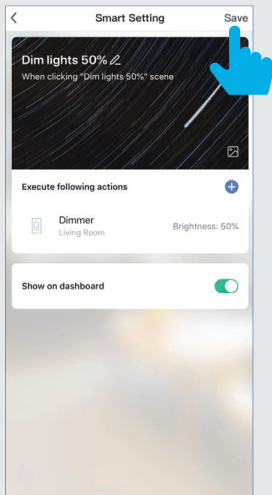

On the **Switch** screen, tap **ON** or **OFF**.

# CREATING SMART SCENES (Automation)

11

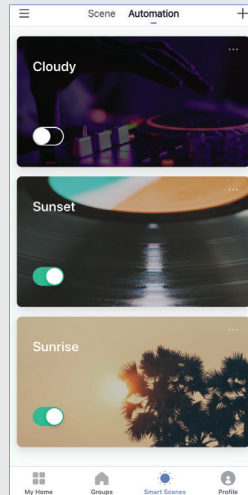

## Smart Setting

Once you have configured your action(s), tap **Save**.

12

## Automated Actions

See your **Automated Actions** under the **Automation** tab.

# ENABLE SIRI SHORTCUTS (For use with iPhone)

1

## Control Function

NOTE: To set smart scenes see  
**Creating Smart Scenes**

To enable Siri to recognize the scenario you have created, open the Feit Electric App and tap **Smart Scenes** located at the bottom of the screen.

2

## Control Function

In the Scene Tab screen, tap  
**add to siri** at the bottom  
of the screen.

3

## Control Function

In the **Siri Shortcut** screen, tap on  
the scenario you would like to add.

# ENABLE SIRI SHORTCUTS (For use with iPhone)

4

## Adding Function

Once on the Add to Siri screen, tap on **Add to Siri** at the bottom of the screen.

5

## Adding Function

Now you can use the "Hey Siri" command to control this action from your iOS device. "Hey Siri" "Switch ON".

# CONNECTING TO ALEXA

1

## Launch Alexa

Launch the Alexa App then tap on the **Menu**.  
(In the upper left corner)
